

On Any Given Night

36 Crazyfists

Could I be any further along when a room leaves nothing?
We close our eyes to avoid the sound
You were traveling by an aeroplane over the ocean
I was deciding the way to perform the rescue
Could I be any more this way? Done starting over
The silence in you and this could be
This could be the hardest thing
To leave without a single trace
Here without you, here without you
I fall apart, I fall apart
Sleepin' in the water so warm, in a dream so stalkin'
Dancin' in darkness with the air so alive, believin'
And I have been here more than I'd like to
But it's the only way I know how to rescue
Could I be any more this way? Done starting over
The silence in you and this could be
This could be the hardest thing
To leave without a single trace
Here without you, here without you
I fall apart
Wake me up
Come on just
Wake me up
When it's over turn down the lights, don't wait for me
I'm pretty sure I won't be comin' home
And turn down the lights, don't wait for me
I'm pretty sure I won't be comin' home tonight
Well tell them to place these stars inside our hearts
I'm pretty sure I won't be comin' home tonight
This could be the hardest thing
To leave without a single trace
Here without you, here without you
I fall apart, I fall apart
