Come now babe  
Just come with me  
I will show you e-everything  
If you follow fo-follow me  
Oh oh oh Come now babe  
Just come with me  
I will show you e-everything  
If you follow fo-follow me  
Oh oh oh Tell me what you really want  
You need me  
I can take you so high  
You will touch the sky What you really want  
You will see  
If you want me then have me
