

# Collision (2016 Remastered Version)

## Faith No More

Collision, my mission When the dawn breaks with a handshake  
Relaxed and feeling great Screeching, head on, head on, head on  
I need it, head on, head on, head on  
Screeching, head on, head on, head on  
I need it, head on, head on, head on All the day's plans  
All the shaking hands  
Beepers and suntans Screeching, head on, head on, head on  
I need it, head on, head on, head on  
Screeching, head on, head on, head on  
I need it, head on, head on, head on Collision, my mission  
Head on, head on, head on, head on When the dawn breaks with a handshake  
Head on, head on, head on  
Relaxed and feeling great Collision, my mission  
Mission, mission  
Head on, head on, head on
