

# Inner Conflict

## Spawn of Possession

Nothing can stop the pain  
and nothing can stop the pain  
suffering from anxiety  
it seems like an eternity  
Somebody somebody kill me  
somebody put my out of my misery

Inner Conflict

Inner Conflict

The pain it only gets worse  
and the pain it only get worse  
give up 'cause there is no hope  
life is hell when you can't cope  
Large two inch maggots decorate my vomit  
infecting eyes oozing pus  
acknowledge the stench of human excrement  
swamps of mucus prevalent  
every hole in my body drips blood  
every hole in my body drips blood  
every hole in my body drips blood

Hate is fear

I rip at my face in the mirror  
death approaching  
expiration growing nearer  
I'm rotting inside  
I'm disgusted with myself  
I'm in hell
