

# Millennium

## Grafix

I look into the black horizon  
The more I see the more I know  
I'll try to justify the wars won  
But that won't satisfy my soul  
I hold the future in my hand  
But I could easily destroy  
I see the footprints in the sand  
They seem to vanish in the void  
Can I walk away, can I choose to stay?  
Feel I'm getting near, voices that I hear  
Sail away, follow the sacred heart  
Chase the sun, one with the moon and stars  
Sail away, you'll find the promised land  
In your hand, there is a new millennium

I wish I wouldn't have to worry  
About the life that lies ahead  
But when the present turns tomorrow  
I shall remember what they said  
Feel I'm getting near the voices that I hear  
Sail away, follow the sacred heart  
Chase the sun, one with the moon and stars  
Sail away, you'll find the promised land  
In your hand, there is a new millennium  
Sail away, sacred heart  
Chase the sun, new millennium
