The Kids Quartet

The Management

she had a four wing dinosaur
that she has to draw
she pays attention to the image that she saw, yeah
a pencil to the paper
a pluser and subtractor
and she makes a fine feather microraptor
she has a four wing dinosaur
that she has to draw
she pays attention to the image that she saw, yeah
a pencil to the paper
a pluser and subtractor
and she makes a fine feather microraptor

she has a four wing dinosaur
that she has to draw
she pays attention to the image that she saw, yeah
a pencil to the paper
a pluser and subtractor
and she makes a fine feather microraptor
she had a four wing dinosaur
that she has to draw
she pays attention to the image that she saw, yeah
a pencil to the paper
a pluser and subtractor
and she makes a fine feather microraptor
