## The Management

she had a four wing dinosaur  
that she has to draw  
she pays attention to the image that she saw, yeah  
a pencil to the paper  
a pluser and subtractor  
and she makes a fine feather microraptor  
she has a four wing dinosaur  
that she has to draw  
she pays attention to the image that she saw, yeah  
a pencil to the paper  
a pluser and subtractor  
and she makes a fine feather microraptor
