Between the Covers

Chris Echols

sip until we faded
and just like it's your birthday or belated
we're gonna celebrate it
i hear your body calling me
feel free to release your freak
no need to keep waiting
i'm creeping on your curves, navigating
giving you motivation
you go, girl, you, oh
i need to explore all your fantasiesjust take a ride, just take a ride, just take a ride with me
girl, let me dive, girl, let me dive, i wanna swim in your sea
tell me how you feel and keep it real and i'll never leave you lonely
sx you like a regie, close your eyes and you'll see
just let me have my way, girl, don't be scared
'cause i just wanna love you in between the covers
there will be no panties in there, babe
'cause i just wanna love you in between the coversgot my heart most racing so in between your legs is my location
she say it's been so vacant, i'll bring the flow you never knew
get your legs up to the moon, sweet love is all you tasting
when you throw it back, girl, i like it like that, ease up, ventilation
it's getting hot but girl, it's cool, give you what you need to soothejust take a ride, just take a ride, just take a ride with me
girl, let me dive, girl, let me dive, i wanna swim in your sea
tell me how you feel and keep it real and i'll never leave you lonely
sx you like a regie, close your eyes and you'll seejust let me have my way, girl, don't be scared
'cause i just wanna love you in between the covers
there will be no panties in there, babe
'cause i just wanna love you in between the covers
in between the covers i will love you like no other, baby
promise to do you right, even if it will take all night
i'll do anything, wanna take you on that flight
in between the covers i will love you like no other, baby
promise to do you right, even if it will take all night
i'll do anything, wanna take you on that flightjust let me have my way, girl, don't be scared
'cause i just wanna love you in between the covers
there will be no panties in there, babe
'cause i just wanna love you in between the coversjust wanna love you
just wanna love you

just wanna love you
between the covers
just wanna love you
just wanna love you
just wanna love you
between the covers
