

# Gone Baby Gone

## The Dough Rollers

Tell you where it's at  
Ain't nobody crying now  
?Cept for me  
Cause it always matters to me yeah  
Lost your head  
Life is dead  
So please  
Don't come singing that sad song anymore  
Cause just doesn't matter to me  
Find another fantasy  
Yeah  
Go on fly  
Fly back to your flame  
Just a game  
How you play it  
So please  
You won't be running that game on me no more  
Cause you're gone baby gone to me  
You ain't coming back  
Cause you're gone baby gone to me

(Organ interlude)

Right back where it's at  
Find another fantasy  
As you fly  
Fly back to your flame  
Lost your game  
No one playin'  
So please  
You won't be running that game ?round here no more  
Cause you're gone baby gone to me  
(Ain't no use)  
(Ain't no use)  
You ain't coming back  
Cause you're gone baby gone to me  
(Ain't no use)  
(Ain't no use)  
You ain't coming  
Cause you're gone baby gone

(Ain't no use)

(Ain't no use)
