

Heart Surgery (UVEV Remix)

Jeffree Star

I don't think
I don't think you're ready for this...
Here we go...

Pink diamonds shining
Fuchsia lust
Heart-shaped bruises
For both of us

You see me watching
The lights are low
Your body's waiting
You can't say no

[Pre chorus:] [x2]
Let me show you how it works...
(Lets get out of here)
Let me show you how it works, I like it hard...

[CHORUS:]
Come on... Let's get out of here
I wanna take your hand and disappear
Come on... Let's get out of here
I whisper in your ear... "I wanna..."

You like it fast...
I like it hard
You like it fast
I like it hard
You like it fast
I like it hard
Fag!
Bitch!

Mirrors are breaking
Vanity crush
Perfection climbing
All eyes on us

We both stop breathing

The music fades
Hands start touching
Don't be afraid...

[Pre chorus] [x2]
Let me show you how it works...
(Lets get out of here)
Let me show you how it works, I like it hard...

[CHORUS]
Come on... Let's get out of here
I wanna take your hand and disappear
Come on... Let's get out of here
I whisper in your ear... "I wanna..."

You like it fast...
I like it hard
You like it fast
I like it hard
You like it fast
I like it hard
You like it fast
I like it [scream] hard

You like it fast...
I like it hard
You like it fast
I like it hard
You like it fast
I like it hard
You like it fast
I like it hard

[Pre chorus] [x2]
Let me show you how it works...
(Lets get out of here)
Let me show you how it works, I like it hard...

[CHORUS]
Come on... Let's get out of here
I wanna take your hand and disappear
Come on... Let's get out of here
I whisper in your ear... "I wanna..."

Uh... I Like It Hard... Uh... I Like It Hard... Uhhh
