First Hand Experience In Second Hand Love

Giorgio Moroder

Gipsy please
WonÂ´t you give me
The secret key
Of lifeÂ´s mistery
She said

Gipsy girl
wonÂ´t you unfurl
the flag of life
before my eyes
And she said

Then you read my hands
Then you read my eyes
Said I am a man
Who must learn to cry
Then you took the cards
Then tear a deck of truth
Gazed towards the stars
Said I must learn to lose

Gipsy love
Oh canÂ´t you see
That you are the one
I really need
She said I need

First hand experience
In second hand love
I need
First hand experience
In second hand love

Then you read my hands
Then you read my eyes
Said I am a man
Who must learn to cry
Then you took the cards
Then tear a deck of truth
Gazed toward the stars

Said I must learn to lose

Gipsy please
I wonÂ´t be
Lover of you
Oh tell me please
