

# Electrified

## From First to Last

Dilated, sophisticated mentally,  
Part spectrum, part alive,  
Don't give in to the wonderment  
When you let go of all the lies. The world is not a perfect place today,  
But I can feel the beauty in my veins,  
Don't try to pull the gold from where I lay,  
Electrified  
Even though this vice is tight on me,  
I'm watching you drown as I can breathe,  
And we know this won't be the last time. When you're infinite, there's limitless security,  
Reconnecting the plugs in my mind,  
DMT the shit out of me,  
I'm on a mission to leave my body.  
I dream in sacred geometry. The world is not a perfect place today,  
But I can feel the beauty in my veins,  
Don't try to pull the gold from where I lay,  
Electrified  
Even though this vice is tight on me,  
I'm watching you drown as I can breathe,  
And we know this won't be the last time.
