

More Love

Rebelution

Because youâ€™re living an illusion
I canâ€™t wait till it hits ya
Recollection, your misconception
Obsessed, you say the green is success
Well material gain causes serious stress
More love

Because youâ€™re living an illusion
Wake up now yes youâ€™re living in confusion
Youâ€™re not a scholar
Youâ€™re a waste of a teacher
Preach the dollars
Youâ€™re a waste of a preacher

Love
Come on, thatâ€™s what we need
More love
Thatâ€™s what we need to succeed
Not dollars
Nah, not what we need
Letâ€™s give em love so the youth can achieve

Yep you gotta see clearer
Clear on up, stay up, and stay clear of
Go back to basics, look in the mirror
Youâ€™re in a dream wake up and now gear up
Come on
Love, continually loving thatâ€™s realer
Make up your mind and emerge as a leader
Now it connects, many many all feed off
Rise up above, cuz the youths they feed off love
