When We Get By

D'angelo

When we get by, we'll make it by, when we get by with love
I look in your eyes, when I look in your eyes
I know what your thinking of
T'is a beautiful day, and you're welcome to stay
We can spend some time and catch the matinee
You're so fine, and the day is fine, and we'll be fine
When we make it by and we get by with love
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
I look in your eyes, I look in your eyes
They're pretty as the skies above
Everything, everything, everything is okay
We could make love in the shade, sip some chocolate lemonade
You're so fine, and the day is fine, and we'll be fine
When we get by and we make it by with love
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
We'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
We'll make it by
When we get by, we'll make it by, when we get by with love
We'll make it by, when we get by with love
We'll make it by, we'll make it by, we'll make it by by by
When we get by, we'll make it by, when we get by with love
I look in your eyes, I look in your eyes
I know what you're thinking of
'Cause it's a beautiful day and you know that's a fact
You scratch mine and I'll scratch your back sugar
You're so fine and today's fine
When we make it by and we get by with love
When we get by, we'll make it by, when we get by with love
When we get by with love
When we get by, we'll make it by, when we get by with love
We'll make it by
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
We'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love

We'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
We'll make it by, when we get by with love
We'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
We'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
When we get by, we'll make it by, when we get by with love
