

# Without You

## Verse Simmonds

Have you ever been in love?  
I mean really really been in love?  
When it's hard for you to cover up  
When no body else seems to be good enough  
Not your ordinary, It's almost kinda scary  
But if you found that one, you know it's that one  
And you never want to let them go Let me hear you tell them you got the best of me  
And now I wanna give you the rest of me  
You and I, the best of me!  
And baby I want you to know that I can't live without you  
You got my heart, right from the start  
Yeah I got to admit, you take me to the limit  
And baby what you got, I can't live without you (Without you, without you, without you, can't live without you)  
(Without you , without, I cant live without you) No matter how the weather changes  
You always found the way to make the sun shine  
When you cry  
It's okay, they know what to do to make it alright again  
Not your ordinary, It's almost kinda scary  
But if you found that one, you know it's that one  
And you never want to let them go Let me hear you tell them you got the best of me  
And now I wanna give you the rest of me  
You and I, the best of me!  
And I want you to know that I can't live without you  
You got my heart, right from the start  
Yeah I got to admit, you take me to the limit  
And baby what you got, I can't live without you (Without you, without you, without you, can't live without you)  
(Without you , without, I cant live without you) Ohh ohh Ohh  
Let me hear you tell them you got the best of me  
And now I wanna give you the rest of me  
You and I, the best of me!  
And I want you to know that I can't live without you  
You got my heart, right from the start  
Yeah I got to admit, you take me to the limit  
And baby what you got, I can't live without you (Without you, without you, without you, can't live without you)  
(Without you , without, I cant live without you) I cant live without you  
I can't live without you
