

Jack Action

W.a.s.p.

I've been uptown, all around
I've looked here there everywhere
He killed my babe today with a gun
I'll get him now, he can't run, no
Well, I'm lookin' for, lookin' for
Lookin' for Jack Action
To get my satisfaction
Lookin' for Jack Action
I'm lookin', lookin', watch out
Now I can't believe she's gone away
He better run, run, you know I don't play
Took my babe, my life, he's on the run
Look out Jack now, here's my gun, yeah
Well, I'm lookin' for, lookin' for
I'm lookin' for Jack Action
To get my satisfaction
Lookin' for Jack Action
I'm lookin', lookin'
Oh no, a man with a war to wage
I'm a suicide brigade
He's mine, he's all mine
My bullets are bearing his name
And his life is mine to claim
It's time, now it's time
Jack Action, where are you?
It's been too long since I've known
Won't give up on you till I'm done
You'll be dead soon, you can't run, no
'Cause I'm lookin' for, lookin' for
I'm lookin' for Jack Action
To get my satisfaction
Lookin' for Jack Action
I'm lookin', lookin'
Lookin' for Jack Action
(No, you can't hide)
To get my satisfaction
Lookin' for Jack Action
I'm lookin', lookin' for you
