

Rumors

Pep & Rash

There's a rumor going 'round about you
I would like to find out if it's true
I am free baby, tonight are you
There's a rumor going 'round
I'm not looking for a serious thing
Let's keep it casual we can do our thang
But I would love to spend a night with you
There's a rumor going 'round
There's a rumor going 'round about you
I would like to find out if it's true
I am free baby, tonight are you
There's a rumor going 'round
I'm not looking for a serious thing
Let's keep it casual we can do our thang
But I would love to spend a night with you
There's a rumor going 'round
There's a rumor going 'round about you
I would like to find out if it's true
I am free baby, tonight are you
There's a rumor going 'round
I'm not looking for a serious thing
Let's keep it casual we can do our thang
But I would love to spend a night with you
There's a rumor going 'round
