Probation

Isaiah Rashad

They set the rules
And want me to break
Take all my money
Set me straightThen they confine me
Make me check in
Analyze my piss
Ask me where I have beenSend me to classes
That say I've been bad
Take some more money
Prove to me, I've been hadAnd they'll keep on trying
To straighten me out
And the more that they try
More I doubtThis system of corrections
That they put me through
Hasn't brought about change
But this is nothing newThey set the rules
And want me to break
Take all my money
Set me straightThen they confine me
Make me check in
Analyze my piss
Ask me where I have beenSend me to classes
That say I've been bad
Take some more money
Prove to me, I've been hadAnd they'll keep on trying
To straighten me out
And the more that they try
More I doubtSystem of corrections
They put me through
Hasn't brought about change
But this is nothing new
