

# Blood On Me

## Sampha

[Intro: Sampha]

Ayy, oh, I am, ayy, oh, I [Verse 1: Sampha]

Grey hoodie, they cover their heads

I can't see their faces

I can't see, see, see, see, see

They're near me

There's sweat on my hand

My heart's thumpin', drummin'

No need, no need to take from me

Don't throw the paint on me

I see this light formin'

I got lost astray

And as far as runnin' away

I still puff, I'm on the edge now

They see me, and not nearly

I nearly lose my grip, but you held on to me

And assured me, and tell me that I'm okay, but

[Chorus]

I swear they smell the blood on me

I hear them coming for me

I swear they smell the blood on me

I hear them coming for me, for me [Verse 2]

I wake up and the sky is blood red

I'm still heavy breathin'

Felt so much more than dreamin'

I get up, they're at the edge of my bed

Yeah, how did they find me, find me?

They said there's somethin' bleedin' in me

Somethin' screamin' in me

Somethin' perfect deep beneath

What I need to, need to get away

So I get it, still it's get away

And I'd send away, and I'd send away

But my gears got stuck

I'm on this road now

I'm so alone now, swervin' out of control now

And I crash the whip

And your strength runs through me

Arms out, you pull me

And wipe my wounds clean[Chorus]  
I swear they smell the blood on me  
I hear them coming for me  
I swear they smell the blood on me  
I hear them coming for me, for me, yeah[Bridge]  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am  
Ayy, oh, I am, ayy, oh, I am[Chorus]  
I swear they smell the blood on me  
I hear them coming for me  
I swear they smell the blood on me  
I hear them coming for me, for me, yeah
