No New Wave No Fun

mclusky

If there's no new wave then there's no fun
Here we go here we go mungo got a radio
If it's out of reach then it can't be wrong
Here we go here we go mungo got a radioTry and find a better way there is no other better wayIf it turns you on, you should wash your hands
Here we go here we go mungo got a radio
If there's no new wave then there's no fun
Here we go here we go mungo got a radioTry and find a better way there is no other better wayNo new wave no fun
