

# The Blinding (Mains Ignition remix)

## Babyshambles

Come and see the blinding  
It's so blinding  
It's the last thing that you'll ever see  
But you might be happy oh, happier  
Than you've ever been So let me show the blindin'  
Last thing that you'll ever see  
But you might be free oh, freer  
Freer than you've ever been What will you do?  
If she runs out of time for you  
When will you go?  
Things to be getting on with  
On with, on with, on with the show! (oh) Last thing you'll ever see Come and see the blinding  
It's so blinding  
It's so blinding  
It's the last thing that you'll ever see Let me show the blinding  
It's so blinding  
It's so blinding  
It's the last thing that you'll ever see It's so blinding  
It's so blinding Oh what will you do  
If they run out of time for you?  
Crossing the roads without you  
Out you, out you go. Out you go, out you go And the blinding means the blinding  
It's the last thing that you'll ever see  
Oh, oh, oh, last thing you'll ever see
