

Just Kickin' It Like A Wild Donkey

Minus The Bear

She's got a couple down
Shooting shots like with a gun
I think she's gonna dieGo on, go on, go on, go on, go on
Go on, go on, go on, go on, go onBut she stands and starts to dance
She can't dance
Ya it's alrightGo on, go on, go on, go on, go on
Go on, go on, go on, go on, go onShe's got on some good jeans
No one sitting 'round here
Can put down their drinks
She's got onShe danced up to me
Took a drink of my drink
Now a man is standing upGo on, go on, go on, go on, go on
Go on, go on, go on, go on, go onShe's got on some good jeans
No one sitting 'round here
Can put down their drinks
She's got on
