

# After Love (feat. Keri)

Diddy

I'm used to him all around  
Feelin' kinda stuck these days because of you  
And I'd be on the highway  
If only I could leave my place because of you I used to be on top  
But I ain't got nothin' better to say because of you  
And I've been tryin' to hide it  
But it's written all over my face So I, I really thought you were the one, the only one  
I guess that I was wrong  
But it turned out you weren't it, the opposite  
Of everything I thought What do you do after love?  
What can you say when it's said and done  
'Cos you can't hide a heartbreak  
When you can't stop these tears from fallin' down  
So what do you do? What do you do after love?  
After love, after love, after love, after love I remember first day that I saw her face  
The feelin' I had, sorta felt like my birthday  
Beautiful, I must say, she was my earthquake  
Cute face, nice shape, she made my earth shake I'ma try and keep the faith, do it like the church say  
She the one for me and I don't care what him or her say  
Thought I had a home run but I'm just at first base  
I found out in the long run, just another heartbreak So how much can my heart take? You was like air to me  
You know I wouldn't leave, I needed you to breath  
See life is but a dream, so is love and I believe  
If you ever been in love, you would know what I mean So Lord, help me please, I wanna see the light  
She keep tellin' me I'm wrong but I know I'm right  
I'm tryin' to ignore her 'cos I don't wanna fight  
I know I make mistakes but still I need her in my life Tell me how I'm supposed to heal this open wound  
And tell me who would've thought that I'd be tryin' to get over you  
I'm stuck in the moment of memories of me and you  
And I can get over it but I ain't sure if I want to Because you done made your bed  
Now you gotta lie in it  
Now all the things you said  
Don't mean a thing I can't believe I gave you one last shot  
I let it ride, now baby, it's your stop  
Oh, so silly, now the joke's on me  
It took a while to finally come to my senses What do you do after love?  
What can you say when it's said and done?  
'Cos you can't hide a heartbreak  
And you can't stop these tears from fallin' down

So what do you do? What do you do after love? After love  
But this is what you need to do, pay attention  
'Cos you know who I'm talkin' to and I know you listenin'  
I think about you all the time, if not every minute  
I promise hurtin' you was never my intentions  
There's somethin' 'bout your style, the way that you present it  
Every fantasy I ever had, you was in it  
I apologize for every time that you might've cried  
There's not enough words to describe how I feel inside  
Guardian angel, sent from the skies  
I always knew you would have made a beautiful bride  
And that's why I wish you could've stayed, so much  
But I fucked up and went and betrayed your trust  
You know there's no more Dolce & Gabbana  
Gucci, Prada, trips to Nevada  
And I admit what you heard is probably true  
But outta all these girls, the only one I loved was you
