Bread

Craig Cardiff

don't ask don't tell all the questions fell
somewhere between the ends and the means
shouting arms raised jesus saves
states the bumper sticker sleeveall the children will sleep safe tonight
while the mothers weep
there will be bread in every mouth
as long as you don't disagreeO and how did you let him back in now
the excuses fail to explain
where were the neighbours when the fighting and hollering came
we all shoulder the blameall the children will sleep safe tonight
while the mothers weep
there will be bread in every mouth
as long as you don't disagree
