Now That I Know Your Name

Jordan Rager

You stepped out, your tan legs
All I could think about was how to get you on my tailgate
Spinnin' round, a little hidin' mess
Lookin' like you were lookin' for somethin' to break
I had to spit every bit of my game, just to catch your name
And now it's, where you from? Baby, what you drink?
Have you every partied down to Hank?
Are you a Ford or a Chevy girl?
Tell me, does Country music rock your world?
Where'd you get the bluest eyes I've ever seen?
I wanna split, baby right now, what ya think?
I just got to know everything, now that I know your name
There's a big moon, a big fire now
But my eyes are locked on you
Starlight, a little glow
Lightin' up the smile I love, but now you know
I could listen to you talk all night
And if you need it girl, I got your ride
Where you from? Baby what's your drink?
Have you ever partied down to Hank?
Are you a Ford or a Chevy girl?
Tell me, does Country music rock your world?
Where'd you get the bluest eyes I've ever seen?
I wanna split, baby right now, what ya think?
I just got to know everything, now that I know your name
Yeah that first kiss sure tasted right
I wanna learn what turns you on tonight
So where you from? Baby, what you drink?
Have you ever partied down to Hank?
Are you a Ford or a Chevy girl?
Tell me, does Country music rock your world?
Where'd you get the bluest eyes I've ever seen?
I wanna split, baby right now, what ya think?
I just got to know everything, now that I know your name
Now that I know your name
Wanna split, baby what ya think?
I just gotta know everything
Oh, now that I know your name
