Sweet Dolly

Yarn

When I was just a child I saw her for the first time
Voice like an angel, hair just like the sunshine
rinestone suit everyman's cowgirl dream

Oh my dad turned up the volume son you've gotta hear some
of this miss Dolly Parton singing live on Johnny Carson
Couldn't believe my eyes, couldn't believe my ears I just beam

I'm in love,
With a country queen
can't get her out of my head
can't get her out of dreams
My sweet dolly.

Now from that moment on I couldn't look at other girls
I was a one women man in this great big world
I didn't have no plan and no way to begin to find her
No I couldn't resist her tiny little waist,
bleach blond hair, great big hips and every night I pray.
Just one kiss would find her.

I'm in love,
With a country queen
Can't get her out of my head
Can't get her out of dreams
My sweet Dolly.

And the band sings Jolene
Jolene
And now everyone figured this was just a passing phase
thought I'd find a nice girl, settle down and raise a few kids maybe a dog
Atleast I might find my way home.

I said no you don't understand Tenessee is where I am
and where I'm gonna be till I get what I need
and if it ain't Dolly, better be pretty damn close'

I'm in love,
With a country queen
Can't get her out of my head

Can't get her out of dreams
My sweet dolly.

And the band sings Jolene
Jolene
And the band sings Jolene
Jolene

I'm in love,
With a country queen
can't get her out of my head
can't get her out of dreams
My sweet dolly.
