Lady Lynda

Acoustic Alchemy

Lady, lady, lady, lady
Won't you come here and lie lady Lynda with me
We can lie in the green canyon meadows
And we'll hear the birds sing in the spring
Don't you know if you'll stay lady Lynda with me
We can talk about love ever after
When you lie lady Lynda with me
Lynda, won't you say that we can be near
You cannot deny there've been hard times, ooh
Darlin', evolution is drawing us near
Look in my eyes whoa
Lynda, won't you say that I am your man
Don't look surprised, it's all in his plan, ooh
But darlin', evolution is drawing us near
Lie lady lie
Ooh lady, won't you lie lady
Now won't you stay lady Lynda with me
We can talk about love ever after
When you lie lady Lynda with me
Ohh lady, won't you lie lady
Won't you, ooh lady
Won't you stay lady with me
When you lie lady Lynda
Come along with me
Ohh lady, won't you lie lady
Won't you lie with me
Darlin' you know you make my heart sing
Won't you come along and sing a song
Sing the sound of love
Ohh lady won't you lie lady
Won't you lie with me
Darlin', your love is like the coming spring
Won't you come along and sing a song
Sing the song my love
Ohh lady, won't you lie lady
Won't you lie with me
Darlin', your love is like the coming spring
Won't you come along and sing a song
Sing the song my love

Ohh lady, won't you lie lady
Won't you lie with me
Darlin' your love is like the coming spring
Won't you come along and sing a song
Sing the song my love
Ooh lady, won't you lie lady, won't you marry me
