

# Lady Lynda

## Acoustic Alchemy

Lady, lady, lady, lady  
Won't you come here and lie lady Lynda with me  
We can lie in the green canyon meadows  
And we'll hear the birds sing in the spring  
Don't you know if you'll stay lady Lynda with me  
We can talk about love ever after  
When you lie lady Lynda with me  
Lynda, won't you say that we can be near  
You cannot deny there've been hard times, ooh  
Darlin', evolution is drawing us near  
Look in my eyes whoa  
Lynda, won't you say that I am your man  
Don't look surprised, it's all in his plan, ooh  
But darlin', evolution is drawing us near  
Lie lady lie  
Ooh lady, won't you lie lady  
Now won't you stay lady Lynda with me  
We can talk about love ever after  
When you lie lady Lynda with me  
Ohh lady, won't you lie lady  
Won't you, ooh lady  
Won't you stay lady with me  
When you lie lady Lynda  
Come along with me  
Ohh lady, won't you lie lady  
Won't you lie with me  
Darlin' you know you make my heart sing  
Won't you come along and sing a song  
Sing the sound of love  
Ohh lady won't you lie lady  
Won't you lie with me  
Darlin', your love is like the coming spring  
Won't you come along and sing a song  
Sing the song my love  
Ohh lady, won't you lie lady  
Won't you lie with me  
Darlin', your love is like the coming spring  
Won't you come along and sing a song  
Sing the song my love

Ooh lady, won't you lie lady  
Won't you lie with me  
Darlin' your love is like the coming spring  
Won't you come along and sing a song  
Sing the song my love  
Ooh lady, won't you lie lady, won't you marry me
