Elation

Swingin' Utters

I'm just a living abortion
Trying to live my life, trying to make some fun
Walking down the street, people think I'm dead
Gonna eat their brain with a piece of breadElation
Elation
ElationI'm just a walking abortion
Walking down the street, people think I'm dead
Momma told me to beware of the man
Who comes a knockin with a vacuum in his handElation
Elation
