Distant Sister Moon

Ashley Maher

flat on my back
and clean as an Oâ€™Keefe bone
warm under pink and all alone

skies on my ceiling
and roses ring the room
a circle of healing calls
from a distant moon
distant sister moon

my house is clean
my kitchen groans
with food for all
a free for all
of love and devotion tonight

oh tell me
who do I phone?
this fickle future
never looked so bright
distant sister moon
distant sister moon

itâ€™s eight oâ€™clock
my sisterâ€™s san francisco time
her sun is rising
while Iâ€™m busy saying,
â€œByeâ€• to mine
call her up when Iâ€™m high or low
sheâ€™s got the vision of an old soul

Iâ€™m bathed in pink
my sun long gone
helplessly laughing on the telephone
my babies and their daddyâ€™s
due home soon
their path is shining bright
in a distant moon
distant sister moon

distant sister moon

itâ€™s eight oâ€™clock
my sisterâ€™s san francisco time
her sun is rising
while Iâ€™m busy saying,
â€œByeâ€• to mine
call her up when Iâ€™m high or low
sheâ€™s got the vision of an old soul

sometimes I am so so young
sometimes I am so so wise
shake the sleep
from my dizzy dizzy eyes
watch the water go so calm
my moon sisterâ€™s
got her light on me, on me
distant sister moon

sister moon
sister moon

sometimes I am so so young
sometimes I am so so wise
sometimes I have just begun
to open up my new moon eyes
