She Said It

Tampa Red

Don't forget it that I [Incomprehensible]
And we crave the things
That each and every lover doShe said she can't take it
I hope it can bring
A beautiful creature, a heavenly thingShe said it and she meant it too
She was ready for a home for two
And to build a plan that each and every lover doShe said she can't take it
I hope it can bring
A beautiful creature, a heavenly thingShe said it and she meant it too
That she was ready for a home for two
And to build a plan that each and every lover do
