

# Sex Education

## The Nerves

Wassup baby?  
There's a lot of things I want you to learn about me  
And there's a lot of things I wanna learn about you  
Class is in session Hey girl now that I got you all alone in my room  
I'm gonna love you down and show you the world  
Make you forget about what he put you through  
'Cause he can never love you the way I can If you were mine, just show me where to sign  
Give me your permission  
Take a trip with me to satisfy you is my mission  
And the bed is all we need, oh Show me your spot and shorty I'll show you mine  
I'll start at your heart then move deeper inside I'm gonna sex educate you, sex educate you  
Gon' make you fall in love  
(Sex educate you) I'm gonna sex educate you, sex educate you  
Gon' make you fall in love  
(Sex educate you) I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
(Sex educate you) I'm in love  
You can fight what you feel on the inside  
Give me your heart, I'll open it up  
Understand we've waited our whole life And I know that it's real what I feel for you right now  
Baby I can show you how to get what you've been missing  
Come take a trip with me, satisfaction is my mission  
And the bed is all we need, yeah Show me your spot and shorty I'll show you mine  
I'll start at your heart then move deeper inside I'm gonna sex educate you, sex educate you  
Gon' make you fall in love  
(Sex educate you) I'm gonna sex educate you, sex educate you  
Gon' make you fall in love  
(Sex educate you) I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
(Sex educate you) Yeah, see this just first period  
But we got a lot more to learn throughout the night  
So strap on tight and take this ride  
Girl I wanna show you all around this world  
But in order to do that you gotta believe me, yeah Show me your spot and shorty I'll show you mine  
I'll start at your heart then move deeper inside I'm gonna sex educate you, sex educate you

Gon' make you fall in love  
(Sex educate you)I'm gonna sex educate you, sex educate you  
Gon' make you fall in love  
(Sex educate you)I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
I wanna make a 'A', I wanna make a 'A'  
(Sex educate you)
