

I Said It (Advance Mix)

Nonpoint

I said it once, I'll say it again if I really want
Saying everything I wanted if I really want
I'll say it once, I'll say it twice, I'll say it right into your face
So take a step back, I've got a lot more I gotta say
You're dumb as door stoppers sweet,
Your dumb as rocks go,
Dumb as door stoppers and you really need to stop
Knock you over with a statement that will shock
Your mother shoulda left you in the balls of your pops I said it, I said it, I'm saying that I said it
I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing I just said it, ooh I don't regret it
I said it, I said it, I'm saying that I said it
I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing anymore, you started a fuckin' war I didn't like you from the start, if you disappear tomorrow,
The world and I will throw a party,
There will be no sorrow, be no tears, be no horror, no fear about tomorrow,
People lined up laying flowers, atop your artificial body,
Crying artificial boos, your artificially an asshole times 2
Your not so special, there's a hundred thousand yous,
In every single city that you think belongs to you I said it, I said it, I'm saying that I said it
I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing I just said it, ooh I don't regret it
I said it, I said it, I'm saying that I said it
I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing anymore, you started a fuckin' war You wanna settle for this alone!
You wanna settle for this alone!
You wanna settle for this, wanna settle for this, wanna settle for this alone!
You wanna settle for this, wanna settle for this, wanna settle for this alone!
You wanna settle for this alone! Artificial body, crying artificial boos, your artificially an asshole times 2
Your not so special, there's a hundred thousand yous,
In every single city that you think belongs to you I said it, I said it, I'm saying that I said it
I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing I just said it, ooh I don't regret it
I said it, I said it, I'm saying that I said it

I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing anymore, you started a fuckin' war
I said it, I said it, I'm saying that I said it
I admit it, I don't care, I don't care, I don't regret it
You needed to hear it, and I needed to say it,
I'm not playing anymore, you started a fuckin' war
