

# Tuesday Heartbreak

**Michael McDonald**

Tuesday heartbreak seem to be unfair  
'Cause you say that you found another man  
Tuesday break heart, guess you just don't care  
'Cause you found you another, another man Well I wanna be with you when you're all alone  
I wanna be with you  
When you feel don't you got another man, baby  
Oh baby it's all alright Oh I wanna be with you till the nighttime comes  
I wanna stay with you till the daytime comes  
I wanna stay, baby never go away  
Baby, it's alright Tuesday heartbreak seem to be a drag  
When you know that you love specially, no no  
I catch you baby, catch you with my dreams  
Maybe than I could see all the time Well I wanna be with you when the nighttime comes  
I wanna be with you till the daytime comes  
I wanna stay and never go away  
Baby, it's alright, it's alright now baby I wanna stay with you till the lifetime's gone  
I wanna stay with you till the morning runs  
I wanna stay oh baby, baby, baby, baby  
Baby it's alright Baby, it's alright till the lifetime's gone  
Baby, I wanna stay, I wanna stay  
Baby let me, let me, let me  
Baby its alright, it's alright  
No no, no baby, baby I don't care  
Baby it's gonna be alright
