Advisory - the following lyrics contain explicit language:

Heaven is burning
No birds sing
Heaven is burning
Its a silent spring Party is over
The circus has left town
Its the morning after
And youre coming down
Down
Down Hell is frozen
Crashing dreams
Cities imploding
Worlds unseen Theres a method to the madness
Like theres a reason to this rhyme
The ultimate weapon
The perfect crime Take me by the hand
Dont you know
The dammed dont cry
I can get so low
That I am high Theres a method to the madness
Like theres a reason to this rhyme
The ultimate weapon
The perfect crime Theres a method to the madness
Like theres a reason to this rhyme
The ultimate weapon
The perfect crime
