Lovin'

Edwin van Cleef

Give me your lovin ohh
Give me your lovin
Give me your lovin ohh
Give me your lovin
Give me all your lovin lovin lovin
Give me all your lovin lovin lovinEvery time I talk about love (Oh Baby)
People tell me I`ve changed
When I talk about us (Oh Baby)
There`s a smile on my face
Have I ever told you, ooh
How much I love you
How much I care
What wouldn't any man do (Oh Baby)
To have you coming through his way
A girl like you (uuh)
Should be given
What she deserves
We can choose
If youre my capital worldGive me all your lovin lovin lovin
Girl your love is one of the kind
With all your lovin lovin lovin
Theres no war that I wouldn't fight
You got me, got me coming back
(ohheeoh)
Like a like a boomerang
(ohheeoh)
Give me all your lovin lovin lovin
Girl you love is one of the kindGive me your lovin ohh
Give me your lovin
Give me your lovin ohh
Give me your lovinEvery day I wanna wake up (oh Baby)
Wath your stroke never change
Like a face with no make up (oh Baby)
A super natural thing
If I'd never known you (oh Baby)
I'd stay believe its all a game
When I were about to give up (oh Baby)
Cuz my baby without you equals pain
A girl like you (uuh)

Should be given
What she deserves
We can choose
If youre my capital worldGive me all your lovin lovin lovin
Girl you love is one of the kind
You know the lovin lovin lovin
Theres no war that i wouldn't fight
You got me, got me coming back
(ohheeoh)
Like a, like a boomerang
(ohheeoh)
Give me all your lovin lovin lovin
Girl you love is one of the kindGive me your lovin ohh
