

# Lovin'

## Edwin van Cleef

Give me your lovin ohh  
Give me your lovin  
Give me your lovin ohh  
Give me your lovin  
Give me all your lovin lovin lovin  
Give me all your lovin lovin lovin Every time I talk about love (Oh Baby)  
People tell me I've changed  
When I talk about us (Oh Baby)  
There's a smile on my face  
Have I ever told you, ooh  
How much I love you  
How much I care  
What wouldn't any man do (Oh Baby)  
To have you coming through his way  
A girl like you (uuh)  
Should be given  
What she deserves  
We can choose  
If you're my capital world Give me all your lovin lovin lovin  
Girl your love is one of the kind  
With all your lovin lovin lovin  
There's no war that I wouldn't fight  
You got me, got me coming back  
(ohheeh)  
Like a like a boomerang  
(ohheeh)  
Give me all your lovin lovin lovin  
Girl you love is one of the kind Give me your lovin ohh  
Give me your lovin  
Give me your lovin ohh  
Give me your lovin Every day I wanna wake up (oh Baby)  
With your stroke never change  
Like a face with no make up (oh Baby)  
A super natural thing  
If I'd never known you (oh Baby)  
I'd stay believe it's all a game  
When I were about to give up (oh Baby)  
Cuz my baby without you equals pain  
A girl like you (uuh)

Should be given  
What she deserves  
We can choose  
If you're my capital world Give me all your lovin lovin lovin  
Girl you love is one of the kind  
You know the lovin lovin lovin  
There's no war that I wouldn't fight  
You got me, got me coming back  
(ohheehoh)  
Like a, like a boomerang  
(ohheehoh)  
Give me all your lovin lovin lovin  
Girl you love is one of the kind Give me your lovin ohh  
Give me your lovin  
Give me your lovin ohh  
Give me your lovin Looking at, looking at  
One of the kind  
Picking back, picking back  
To many times  
Bring me back, bring me back  
My appetite  
(Bring me back - my -y appetite) Looking at looking at  
One of the kind  
Picking back, picking back  
To many times  
Bring me, back bring me back  
My appetite (oh Baby) A girl like you (uuh)  
Should be given  
What she deserves  
We can choose  
If you're my capital world Give me all your lovin lovin lovin  
Girl your love is one of the kind  
With all your lovin lovin lovin  
There's no war that I wouldn't fight  
You got me got me coming back  
(ohheehoh)  
Like a like a boomerang  
(ohheehoh)  
Give me all your lovin lovin lovin  
Girl you love is one of the kind Give me your lovin ohh  
Give me your lovin  
Give me your lovin ohh  
Give me your lovin Give me your lovin ohh  
Give me your lovin  
Give me your lovin ohh
