

2:30

Rayana Jay

[Verse 1]:

After the moon comes up
After the sun comes down
That's when you hit me
That's when you come around (around)
You say it's been a long time and I shouldn'ta left you
Without a dope beat but you know me
if you really wanna bend you gotta show me
Said your bed been lonely but that's not my problem
You really wanna hold me yeah

You said it's half past two
and you can't sleep sleep sleep
Got that come now voice
that makes me weak weak weak
And if I asked you too
you would drop everything for me (for me)

[Hook 1]:

Whats up, the mood is
do you remember where the room is
First floor, first door
I'm not sure what really hurts more
I can't sleep, I don't sleep
but this the only time you ever want me
this the only time you ever want me, 2:30

[Chours]:

its half past two
the sun is coming up real soon
it is half past two
the sun is coming up real soon

[Verse 2]:

Told me you're on your way
I'll have to make some time

Before the night turns day
That's when I make you mine (you mine)
You said you wanna slide through in a minute
don't make me wait too late
wanna get lost in it
lets just get one thing straight
sun up we finished
there nothing more I hate
that time wasted

[Hook 2]:

Are you up right now
I cant sleep sleep sleep
I've been thinking bout you
all damn week week week
And if I ask you too
you would drop everything for me (for me)

[Chours]

Voice:

"Why you come so late boy?
That's that shit I hate boy.
Don't make me wait,
Call when you get to the gate boy".(2x)
