

# Milkman

## Bully

I could be a milkman  
What a good milkman I would be, I would be  
Droppin' by your porch and all  
It's been a while, you're always good to see  
But I'm just sittin' here lookin' square  
Spinnin' around in my underwear  
Lettin' my body run itself down  
Just tryna keep up with my head  
I got this feelin', makes me wanna run  
I got the feelin'  
I got this feelin', makes me wanna run  
I got the feelin'

I could be a milkman  
Or I could get up and I could be what I want to be  
That's when I love you, love you, love you baby  
It makes you want, wanna lie to me  
When I checked out 10 months ago  
I never felt that way before  
Now [?] got me feelin' nostalgic  
Got a craving, gotta have you, gotta get a grip  
I got this feelin', makes me wanna run  
I got the feelin'  
I got this feelin', makes me wanna run  
I got the feelin'  
I used to be a shark  
I used to be a shark  
I used to be a shark  
I used to be a...
