## Che'Nelle

Mantaker (mantaker)  
I say she a (I say she a)  
Mantaker (mantaker)  
I say she a (I say she a) In the beginin' I was fine when you  
Introduced me to to an old high school friend  
I was was questionin'  
If she  
Was schemin' All of a sudden she was at home with us  
Always sittin' right next to you  
Yea I see her plan  
But you don't Don't you say no, no  
She would have to make it through  
Say yes  
(Chorus)  
She ain't your friend  
She's just a man taker, yea  
She ain't no friend  
She's just a man taker, yea Kepp up with all your explanations  
Sayin' she your friend, that's your imagination  
Why don't you just gimme your phone  
So that I can ask her on my own Tried to contender, boy just surrender  
Everywhere she ask to go  
You want to send her  
You do things at the click of her finger, baby If you say no, no  
She would have to make it through  
Say yes  
(chorus)  
She ain't your friend  
She's just a man taker, yea  
She ain't no friend  
She's just a man taker, yea All of the sound that I kept hearin' underneath the carpet  
I said nothin'  
Kept it silent  
Knowing the truth  
'Til I saw her try to put a move onto you baby  
What's she doin'  
I'll tell you she a man taker I told you that she is  
I told you what she was  
I'll tell you what she is She a man taker

she a heartbreaker (x4)(chorus)

She ain't your friend

She's just a man taker, yea

She ain't no friend

She's just a man taker, yea (x2)
