

# It's Alright

## Five

Alright  
Come on  
Oh baby Alright  
I need some time to get my head 'round  
The things you said to me  
Thoughts are whirlin' 'round my mind, alright  
I never knew that I could feel so strong  
Like the way I feel for you  
That seemed impossible to me, alright Said ohh, ohh  
I wish that you could see  
Said ohh, ohh  
It's the way it's meant to be, yeah You're the only one I want at night  
You keep me warm and make me feel alright  
You know that we can work it out 'cause it's alright  
I only wanna share my life with you  
'Cause I love all the things you do  
'Cause I know that it's alright Come on  
You know that I'm a dreamer, I can change reality  
You know it's good times when we're together  
Come on  
We could take our love around the world  
We could dance upon a sea  
A little bit of work won't be forever  
Come on Said ohh, ohh  
I wish that you could see  
Said ohh, ohh  
It's the way it's meant to be, yeah  
(Aah) You're the only one I want at night  
You keep me warm and make me feel alright  
You know that we can work it out 'cause it's alright  
I only wanna share my life with you  
'Cause I love all the things you do  
'Cause I know that it's alright Yeah, now I've been sittin' reminiscin'  
'Bout the way we used to be  
And how I want those feelings back  
Because they mean the world to me, so check it  
I've seen around the world  
Climbed the highest heights  
To prove my love for you is real

To keep you warm through winter nights, now baby

I wanna let you know the way you got me feelin'  
(Aaa, aa, aaa)
