

Push Me Down

Lana Del Rey

Pull my hair, push me down,
Knock me flat on the ground,
Push me down. Pull my tails, turn me around,
Baby, do it right now,
Push me down. In the dark you can do whatever you want to,
Right now. Hell on wheels, let the vest,
Doing what you do best,
Kiss my mouth. Be a man, make a mess,
Can you turn that out? Yes!
Kiss my mouth. In the dark you can do whatever you want to,
Yeah, yes.
In your heart, yeah, you knew I was meant for you, too,
Didn't you? Yes.
One, two, three, four. I'm your little baby doll,
You're my mister rock and roll,
King, made me wanna sing, sing for them all.
I'm your little baby doll,
You're my mister rock and roll,
King, made me wanna sing, sing for them all. Dress me up, drive me around,
Are you loving my sound?
Drive me around. Hit me up, mess around,
Get me drunk in the town,
Mess around. You're a fool, but you're cool
And I know that you'll do what you want,
Whatever that is.
Be a good baby, you sure be getting me all that I want.
One, two, three, four. I'm your little baby doll,
You're my mister rock and roll,
King, made me wanna sing, sing for them all.
I'm your little baby doll,
You're my mister rock and roll,
King, made me wanna sing, sing for them all. Hotel, swimming pool,
Breaking in, we can do
Whatever you want,
Let's play on your time. Sexy fool, make me do,
Loving years, bad news,
Whenever I want. Uh, baby, uh, uh, baby
Uh, uh, baby,
Pushing me down.

Uh, baby, uh, uh, baby,
Uh, uh, baby,
Kissing me now.Keep it up, baby, I love you a lot
And Im not gonna stop.
Mix it up, keep it fun,
Boy, Im crazy and young,
So dont stop.
In the dark we can do whatever you want to, yeah, yeah.
One, two, three, four.Im your little baby doll,
Youre my mister rock and roll,
King, made me wanna sing, sing for them all.
Im your little baby doll,
Youre my mister rock and roll,
King, made me wanna sing, sing for them all.Hotel, swimming pool,
Breaking in, we can do
Whatever you want,
Lets play on your time.Sexy fool, make me do,
Loving years, bad news,
Whenever I want.
