Fly By Night

Can

To the shining men, dirt men close
And whisper in my ear,
Words so sweet like summer wine
And heaven felt so near.
She said 'Love me now, but love me strong,
Use yourself in me,'
don't look back and be in me,
It's all I whisper in your ear.
She said 'Fly by night, see the light,
Come with me together,'
Fly with me through space and time
'Till we reach forever.
