Graduate (feat. The HamilTones)

Jonathan McReynolds

4 years of school to get to college.
4 years to that for a degree.
It's easier to master knowledge.
Than it is to master me.But I'm making this my graduation party.
It took awhile for me to make it there.
When I showed up to the Ceremony started.
I threw my cap up in the air, ooh yeahOh, I know I got to Graduate!
Can't stay here forever, got to Graduate!
Old things pass away when I Graduate!
All things become new when I Graduate!
Thank the Lord that I'm much smarter.
Then I'd ever thought I'd be.
I won't fail again, I promise.
That's a promise that I gotta keep.So I'm making this my graduation party.
It took awhile for me to make it here.
When I showed up to the Ceremony started.
I threw my cap up in the air, ooh yeah
Oh, I know I got to Graduate!
Can't stay here forever, got to Graduate!
Anybody know, we got to Graduate!
Gotta grow up now and Graduate!
