

# Of All The Things

Christian Bautista

Of all the things I've ever done  
Finding you will prove to be the most important one  
I would never trade the tears, the conversations no one hears  
The learning how to walk before we've run  
Of all the kites I ever flew  
Most came tumbling down, except the one I sent up with you  
I don't wanna change a thing, break the spell, cut the string  
When every wish I made is coming true with you  
Sometimes I forget  
To say how much I love you  
Purposely I bet  
'Cause I'm so busy thinking of you  
So, in this world of odds and ends, I'd rather have a part of you  
Than all of my so called friends  
You've taught me how to feel, what is false, what is real  
Of all the things I ever wanna do, I think I'll start and end with loving you  
Oh, you have taught me how to feel,  
what is false and what is real  
Of all the things I ever wanna do, I think I'll start and end with loving you
