

Want You More!

Duran Duran

You had plans all along
Must have seen me comin' down
A mile above the ground
'Cos I am weak, where you are strong
It's a thrill that makes me curious Whatever I'm thinkin' of
You always seem to know
'Cos nothin' is good enough
There's always somethin'
To keep me guessin' What if it's real?
What if you're just fakin'?
What if you knew you could?
What if you get up on manipulating?
Why does it feel so good? (Drive in you make me no junk jockey)
Drive in the car
Turn up the sound
Gets your head in the ailes
Don't matter, gonna feel the blast
I pick you up, you throw me down
And it only gets more serious What could you be thinkin' of?
You never let it show
'Cos you give me just enough
There's always somethin'
You keep me comin' What if it's real?
What if you're just fakin'?
What if you knew you could?
What if you get up on manipulat'in'?
Why does it feel so good? Why do I want you more?
Why do I want you?
Why do I feel so tall?
Why do I want you more?
Why do I want you?
Why do I want you more? Ah ah aah, yeah
(Loosen up, loosen up)
(Loosen up, loosen up) What could you be thinkin' of?
You never let it show
'Cos you just give me just enough
There's always somethin'
You keep me comin'
Just keep me comin' What if it's real?

What if you're just fakin'?
What if you knew you could?
What if you get up on manipulat'in'?
Why does it feel so good? Why do I want you more?
Why do I want you?
Why do I feel so tall?
Why do I want you more?
Why do I want you?
Why do I want you more?
Why do I want you more?
Why do I want you?
Why do I want you more?
Why do I want?
Why do I want you more?
Why do I want you?
Why do I want you more?
