# Riad N' The Bedouins

## [Guns N' Roses](#)

Riyadh and the Bedouins
Had a plan and thought they'd win
But I don't give a fuck 'bout them
'Cause I ain't crazy
All my salvation and all my frustrations
Caught in the lie, no one at home is well
Somewhere in time where only I could tell
Riyadh and the Bedouins
Said that's a war that you can't win
But I have had enough of them
You can't blame me
Spent their time in desert winds
Nomads and barbarians
I won't bend my will to live
You aggravate me
All my salvation and all my frustrations
Caught in the lie, no one at home is well
Somewhere in time where only I could tell
Sweet salvation like all my frustrations
Caught up in lies, no one at home is well
Somewhere in time where only I could tell
Sweet salvation and all my frustrations
Caught up in lies, if you were at home as well
Somewhere in time then only I could tell
Riyadh and the Bedouins
Had a plan and thought they'd win
Riyadh and the Bedouins
Talked to God and thought they can
