

I've Got the Power

Fireflight

Burning bright, that's what I was born to do

Never quit I know I won't ever lose

Straight to the top

You are watching me go

You cannot stop me

I'm about to blow

Straight to the top

You are watching me go

You cannot stop me

I'm about to blow

I've got the power inside

The power to fight

The power to be the light

I've got the power within

The power to win

The power to go for it

I've got the power

I've got the power

Burning bright, that's what I was born to do

Never quit I know I won't ever lose

Straight to the top

You are watching me go

You cannot stop me

I'm about to blow

Straight to the top

You are watching me go

You cannot stop me

I'm about to blow

I've got the power inside

The power to fight

The power to be the light

I've got the power within

The power to win

The power to go for it

I've got the power

I've got the power

Straight to the top
You are watching me go
You cannot stop me
I'm about to blow
Straight to the top
You are watching me go
You cannot stop me
I'm about to blow

I've got the power inside
The power to fight
The power to be the light
I've got the power within
The power to win
The power to go for it
I've got the power
I've got the power

Burning bright, that's what I was born to do
I've got the power
Never quit I know I won't ever lose
I've got the power
