

# Bang (Extended Version)

## Blur

Sitting in a SDT  
Waiting for an  
Underground train  
To rumble underneath my feetBang goes another day  
Where it went I could not say  
Now I'll have  
To wait another weekWhen all is said and all is done  
What was said was never done  
Don't panic  
It's not really worth your whileBang goes another year  
In and out of one ear  
Everybody's doing it  
So do it tooI don't need anyone  
But a little love  
Would make things betterI don't need anyone  
But a little love  
Would make things betterSitting on the early bus  
Passing through the morning rush  
It makes no difference  
That I'm not with youBang goes another year  
In and out of one ear  
Everybody is doing it  
I'll do it tooI don't need anyone  
But a little love  
Would make things betterI don't need anyone  
But a little love  
Would make things betterI don't need anyone  
But a little love  
Would make things betterI don't need anyone  
But a little love  
Would make things betterI don't need anyone  
But a little of your love  
Would make things better
