

All My Love

George Ezra

All my love is yours
All my time is ours
All my reckless dreams
And all my restless hours No matter where you go, baby, I'll be there
No matter where you go, baby, I'll be there
I'll be there All my love is yours
All my time is ours
All my reckless dreams
All my restless hours All my, my, all my, my love
All my, my, all my, my love
And all those setting suns
And all those rising moons
From the Eiffel Tower
To those deep lagoons No matter where you go, baby, I'll be there
No matter where you go, baby, I'll be there
I'll be there All my love is yours
All my time is ours
All my reckless dreams
All my restless hours All my, my, all my, my love
All my, my, all my, my love It's been tipping down lately
But you don't need to worry about it
I'll be there
All my love is yours
All my time is ours
All my reckless dreams
All my restless hours All my, my, all my, my love
All my, my, all my, my love
All my, my, all my, my love
All my, my, all my, my love
All my, my
